## DISTRICT CONVENTION OF AMERICAN LEGION

### SEVERAL HUNDRED EXPECTED IN CITY SEPTEMBER 25-26

**BRAINERD POST OF AMERICAN LEGION MAKES PREPARATIONS FOR CONVENTION**

**SPECIAL SHOW AND DANCE TO BE GIVEN TO RAISE NECESSARY FUNDS**

An important convention of representatives of the American Legion posts of the Sixth, Minnesota, district, will be held in Brainerd on September 25 and 26. In this meeting business of the district will be transacted and officers elected. While the voting members of the conference will be limited in number, it is nevertheless expected that several hundred legion men of the sixth district will attend the meeting and enjoy the hospitality of the local post.

A meeting of the Brainerd post of the American Legion was held in the assembly room of the Chamber of Commerce on Monday evening. The meeting, called for the purpose of attending to the arrangements for the convention, was attended by the active membership of the local post and was marked by the enthusiastic and willing manner in which the men accepted the duties assigned to them.

**FRANZ R. N. ANDERSON**  
Commander Brainerd Local American Legion Post

The members of the Brainerd post expressed the thought that the visiting members must be well entertained if they, coming to this city with high expectations, are to return to their home towns with the message that ours is a live and hospitable city. That this end may be attained—good entertainment for the visitors during their two days stay here—is the desire of the members of the local post of the legion who invite the co-operation of the citizens of Brainerd.

With a view to providing the necessary funds arrangements have been made for a special show and for a big dance within the next two weeks.

The following committees were appointed to take charge of the arrangements:

General committee—Milton Mahlum, chairman; C. E. Parker, Andy Gieriet, Dr. G. I. Badeaux, Dr. G. H. Ribbel, Franz R. N. Anderson, A. C. Mraz, Ralph Russell, H. R. Allaban, A. L. Koop, Rev. Frederick Errington, Richard Johnson, O. A. Peterson.

Banquet committee—Andrew Gieriet, chairman; C. E. Parker, Fred Sargent, Richard Johnson, Dr. Badeaux, A. L. Koop, B. W. Orne, Dr. Derauf, Eugene White.

Entertainment committee—Franz R. N. Anderson, chairman; A. U. Wallen, Art Koop, Carl Jacobson, R. L. Gustafson, A. C. Mraz.

Auto committee—Dr. G. I. Badeaux, chairman; M. Markowitz, Leigh Slipp, R. Warlick, Eugene Houle, O. A. Peterson, Earl O'Brien, Elmer Olson.

Committee on dance—Art Lyddon, Kirk Smith, Dick Johnson.

Committee on show—Dr. G. H. Ribbel and Fred Sargent.

**Clean-Up Squad**

Another important matter for the consideration of ex-service men is the coming of the clean-up squad which will deal with all matters relative to vocational training for disabled soldiers. This squad will be in Brainerd October 10 and 11. To facilitate ar-

### U. S. TO SETTLE AT ONCE FOR HALF OF CLOQUET LOSSES

Duluth, Sept. 13.—The United States railroad administration will settle immediately with 278 residents of Cloquet, Minn., 50 per cent of their actual losses sustained in the forest fire of October 12, 1918, according to a letter from James C. Davis, director general, made public by Duluth attorneys for the administration.

The rest of the Cloquet group of claims will be settled at 40 per cent of the actual losses. The 278 claims to be settled now total \$1,500,000.

The proposition was submitted to a group of fire sufferers' attorneys, who took the matter under advisement.

### WOULD LAUNCH NEW POLITICAL PARTY

**THE MOVEMENT IS SPONSORED BY THE COMMITTEE OF 48, ACTING ALONE**

(By United Press.)

New York, Sept. 13.—Plans are being made to have a new liberal political party.

It will be launched formally this fall and will undergo the first actual test of strength in the congressional election of 1922.

The movement is sponsored by the committee of forty-eight which is acting independently of any other organization. There will be no attempt at an alliance with the farmer-labor-socialist-single tax or other parties. In fact any possible support by these parties will be discouraged.

J. A. Hopke, national chairman of the committee of 48, said that he believed the members of the two major parties had "grown to be counter-parts," and he said "had outlived their usefulness."

"Instead of being distinct, the republican and democratic parties now include reactionaries, conservatives, liberals and radicals," he said. "We believe the great mass of independent voters of this country are liberals in political thought. It is our purpose to amalgamate them in one party which may even take the name of 'liberal.'"

Hopke today outlined the plan of the committee of 48.

A national conference will be called this fall composed of men and women representatives from all states for the purpose of adopting a national and state organization plan. A national committee will be elected and organization instituted in each state preparatory to the 1922 election. The heart of this movement lies in the middle west.

### I. C. C. APPROVES R.R. RATE REDUCTIONS ON STOCK SHIPMENTS

(By United Press.)

Washington, Sept. 13.—Railroad rate reductions on live stock shipments in the middle western states between the Missouri river and the Rocky mountains which will save shippers \$10,000,000 annually, were approved by the interstate commerce commission today.

### LONE BANDIT HOLDS UP EAT SHOP

(By United Press.)

St. Paul, Sept. 13.—A lone bandit early today held up three women at the Eat Shop cafe on Robert street and obtained \$750. The women had just opened the safe containing yesterday's receipts. Miss Amy Anderson, assistant manager, was struck on the head with a revolver when she attempted to wrest the gun from the bandit's hands. The man escaped in an automobile.

Arrangements the commander of the local post, Franz R. N. Anderson, appointed a committee of two, Dr. G. I. Badeaux and Rev. Fred Errington to assist in securing a place in which the squad may investigate claims and to co-operate with the officials of the government who have charge of the matter in Crow Wing and Wadena counties.

### JURY DECLINES TO RETURN INDICTMENT AGAINST ARBUCKLE

**SAYS MORE EVIDENCE WILL HAVE TO BE PRESENTED TO WARRANT INDICTMENT**

**DISTRICT ATTORNEY CHARGES WITNESSES HAVE BEEN INFLUENCED TO CHANGE**

(By United Press.)

San Francisco, Sept. 13.—The San Francisco grand jury today refused to indict Roscoe Arbuckle for the murder of Virginia Rappe until evidence is introduced to clear up disputed points.

After a six hour session the jury adjourned early today to give District Attorney Brady time to secure more evidence. It will convene again when he is ready.

Brady is going right ahead with the prosecution. The coroner's jury was called at 10 a. m. to hear testimony of Mrs. Maude Delmonte who alleged Arbuckle assaulted Miss Rappe during a "wild party" in his hotel suite and inflicted injuries from which she died.

In spite of the delay in securing a grand jury indictment, the murder complaint against Arbuckle sworn to by Mrs. Delmonte still stands and Arbuckle can be brought to trial on it even if the grand jury refuses to hand in an indictment.

Charges that one of the state's witnesses has changed her testimony, and that another disappeared, were made by District Attorney Brady today. The district attorney declared that Miss Zey Prevon, a show girl, in testifying before the grand jury completely reversed the story she previously told about what happened at Arbuckle's "wild party" where Miss Rappe is alleged to have received injuries that caused her death.

He also asserted that Miss Alice Blake, another guest at the party, and considered an important witness, had disappeared from her home in Berkeley and "can not be found."

Another witness of lesser importance has also vanished, he said.

He further charges that testimony of Dr. Rumwell, one of the physicians who attended Miss Rappe, regarding his handling of her illness, was "highly unsatisfactory."

"I am convinced that sinister influence has gotten hold of Miss Prevon and Miss Blake as well," he said.

"We intend to go to the bottom of this matter and punish those who may be found guilty whoever they are. Wealth and influence should not weight either for or against this man, and they will not."

In a nutshell—there is too much money in sight.

The defense today for the first time showed its hand to the extent of revealing an outline of Arbuckle's defense. This will probably include three points:

1.—That Arbuckle did not criminally attack Miss Rappe.

2.—That he did not take her into his bedroom against her will, and that whatever occurred there took place with her consent and without force or violence.

3.—That no action of Arbuckle's caused the intestinal injury which resulted in the girl's death, and that her death was due to improper diagnosis of her illness or to improper medical treatment.

When the coroner's inquest is resumed today the first witness will be Mrs. Delmonte, it was announced. Another member of Arbuckle's party will be called as well as nurses who attended Miss Rappe and to whom she is said to have confided many facts about the party which have not yet been made public.

**War Declared on Fast Movie People.**

Los Angeles, Sept. 13.—War was declared today on a "small but noisy minority" of the motion picture colony which "drives high speed motor cars to high speed drinking places and supplies material for gossip and scandal reflecting on the great army of well behaved, honest, sincere, generous, kindly people."

Benjamin Hampton, former magazine publisher, no motion picture player, was the spokesman for the

reform element in the movie district. It is inevitable that the picture profession should suffer temporarily from the indiscriminate criticism of this horrible affair, Hampton declared, referring to the Arbuckle case. "Los Angeles motion picture colony has suffered for years because of a small minority of black sheep."

### DENIES CONFESSION, SAYS IT'S A LIE

(United Press.)

Chicago, Sept. 13.—Leon Parks, 24, automobile mechanic, who last night confessed he aided Harvey W. Church in the murder of Bernard J. Daugherty and Carl A. Ausmus, today repudiated his confession. When taken before Assistant Attorney General Charles Wharton he refused to affix his signature to the document.

"I was forced to say I was implicated," he said. "I won't sign now because it is all a lie."

### Will Go to Help Brother.

St. Paul, Sept. 13.—Marguerite Church intends leaving for Chicago today to help her brother, Harvey W. Church, charged with complicity in double murder.

Miss Church, who has just recovered from an operation, said she could not understand how her brother could commit such a crime for such a motive.

Police charged that young Church and a pal named Leon Parks killed Bernard J. Daugherty and Carl Ausmus to obtain possession of a fine motor car.

The funeral of Daugherty was conducted at the cathedral at 10 a. m. today. He was buried in Calvary cemetery. His body was brought here by his brother, Thomas Daugherty.

### Jury Considers Case.

Chicago, Sept. 13.—With two confessions in the hands of police, the grand jury late today considered the murder in which Bernard J. Daugherty and Carl Ausmus were slain.

Harvey Church and Leon Parks, automobile mechanics, confessed they together with Clarence Wilde, killed the two men to get a \$5,400 Packard car.

Wilde is still sought by the authorities. Parks today repudiated the confession he made last night but later signed it.

### SHOP EMPLOYEES WILL MEET SUNDAY CONSIDER WAGES

**ANNOUNCEMENT WAS MADE OF MEETING AT CHICAGO BY PRESIDENT JEWELL**

(By United Press.)

Chicago, Sept. 13.—Sixty thousand railroad shop employees will meet here Sunday to consider the present wage difficulties with the roads.

The announcement of the meeting was made today by Bert M. Jewell, president of the railroad department of the A. F. of L.

Jewell, who is to address the members, did not reveal the nature of his speech. The meeting was called in view of the fact that shop employees all over the country have voted overwhelmingly against accepting a wage cut that went into effect July 1.

### Slayer of Three Men at Hibbing Reported Seen

Hibbing, Sept. 13.—John Webb, Nelson farmer, sought by authorities in connection with the murder last Thursday of Police Chief Hayes and two other Hibbing officers, was seen near Chisholm yesterday by Mrs. Gladski, according to word received by Hibbing authorities.

Rewards for the capture of Webb have increased to \$1,400 with the addition of a \$400 bounty offered by Hibbing citizens. Of this amount Governor J. A. O. Preus offered \$500, the mayor of the city \$200, the sheriff \$100 and \$800 by Hibbing persons. It is expected the total will be increased to \$3,000.

Authorities are of the belief that Webb is being protected by confederates. Police say neighbor witnesses have informed them that Webb was making liquor illicitly, and the authorities are of the opinion he is being assisted and hidden by other "moonshiners."

### State Employees Ordered to Assist

St. Paul, Sept. 13.—Governor Preus today ordered the state mining and timber employees to aid in search for John Webb who killed three policemen of Hibbing, last week. Webb escaped a posse of hundreds which has been searching for him nearly a week. No trace of Webb had been found today. Funerals of the victims were held yesterday.

### LATE BULLETINS

#### Custody of Wife

Minneapolis, Sept. 13.—Matt Harg waits for a chance to argue for a year—he is on probation to his wife for that period. If his spouse reports he is making moonshine again, Judge Montgomery will send him up for 90 days plus \$250 fine.

#### Some Fly Catch

Minneapolis, Sept. 13.—Anbody want 47,000 dead flies?

Frank Bjork took a catch to the courthouse looking for the "fly bounty office." That is where he made the big mistake.

#### Gibbons-Fisher Bout Postponed

St. Paul, Sept. 13.—Rain which caused the postponement of the Mike Gibbons and Young Fisher bout at Lexington ball park last night, threatened to dampen a bout this evening. Promoter Reddy declared it would be staged tonight, rain or shine. The main bout will go on at 8:30 to allow Gibbons to catch a train to Colorado Springs.

### GIBBONS SCORES 14TH KNOCKOUT

(By United Press.)

Cincinnati, Ohio, Sept. 13.—Tommy Gibbons, of St. Paul, rang up his fourteenth straight knockout last night when the towel was thrown in the ring for Billy Reed, Phoenix, Arizona, in the second round. Reed's left eye was badly cut. Gibbons brought him down with numerous punches.

### ESCAPE OF PRISONERS FRUSTRATED BY GUARDS

(By United Press.)

Jefferson City, Mo., Sept. 13.—Three prisoners from Kansas City were shot, one wounded seriously, and two prison guards were beaten seriously when four convicts at the Missouri state penitentiary made a wild attempt to escape today.

Shots were exchanged between the convicts who after binding two guards used another for a shield and sought to dash out of the prison gates that had been opened to let in a train of coal.

All four were recaptured. Dick Kennedy, 45, imprisoned for robbery, was the most seriously wounded of the convicts.

### TOLL OF DEAD BY FLOOD INCREASES

**TOTAL KNOWN DEAD NOW REPORTED IN TEXAS FLOODS IS 175, MORE ARE MISSING**

(By United Press.)

Dallas, Texas, Sept. 13.—The toll of the Texas inland storm and floods grew today as swollen rivers rushed to the gulf. Reports from outlying districts around Taylor brought the toll of known dead in and out of San Antonio where heavy casualties were first reported to around 175. San Antonio reported 49 bodies recovered and 14 missing.

Taylor and immediate vicinity reported 35 dead. Most of these were Mexicans. Thorndale reported 45 dead, all of whose bodies have been recovered. Other points reported many dead.

Alligator Creek reported seven dead, five Mexicans and two whites.

Lone Port reported bodies of 23 Mexicans recovered. San Gabriel reported ten bodies recovered.

It was estimated today by police that the final toll of dead from the flood would reach 250.

### ATTEMPTED ROBBERIES

(By United Press.)

Moorhead, Minn., Sept. 13.—Attempted robberies at Rustad and Sabin, small Clay county towns, last night netted only a few cents.

The bank and depot at Rustad were entered. The bank safe was untouched and the robbers obtained only a few cents at the depot. Telephone wires were cut and the robbers evidently escaped in an automobile owned by Fred Bickhorn which was found abandoned near Moorhead. Robbers entered a harness shop at Sabin and had piled loot on the floor. They evidently were frightened away.

### NATIONAL GUARD FIRE FIGHTERS HOME

(By United Press.)

St. Paul, Sept. 13.—All national guardsmen who have been fighting forest fires were back home today.

State Forester Cox said the heavy rains late today if general over Minnesota will relieve the fire situation for another few days.

As soon as timber dries out, however, fires will become a menace, he said.

### KOREANS THROW BOMBS

(By United Press.)

Tokio, Sept. 13.—Two bombs were thrown yesterday in the government general offices at Seoul, Korea, according to word received at Tokio. There were no casualties.

Only one of the bombs exploded. It did heavy damage to the building. It was believed the bombing was an attempt on the life of Governor Saito.

### ARTHUR BURCH DENIES ALLEGED CONFESSION

Los Angeles, Sept. 13.—Arthur C. Burch today denied in its entirety his confession he is alleged to have given Chandler Sprague, newspaper publisher, in a three page copyright article here this morning, in which Burch is quoted as having admitted that he killed John B. Kennedy.

### TAX DODGERS COST GOVERNMENT ONE BILLION A YEAR

**ONE REASON WHY REST OF THE AMERICAN PEOPLE ARE CALLED TO BEAR HEAVY TAX**

(By United Press.)

Washington, Sept. 13.—Tax dodgers are getting away with more than one billion dollars every year that ought to go into the United States treasury.

That is one reason, treasury officials and members of congress admit today, why the rest of the American people are called on to bear such heavy burdens.

It was also the reason congress proposed certain changes in tax laws to plug tax leaks through which millions of dollars annually are lost. If Uncle Sam could collect each year what he loses because of tax free securities he would have to levy \$700,000,000 to \$1,000,000,000 less in taxes on other things officials agreed. These tax free securities represent the greatest aid to tax dodgers by the rich. It is variously estimated they are from \$14,000,000,000 to \$34,000,000,000 of them outstanding. The government can not touch them with its tax power because of constitutional limitations.

It will take years to amend the constitution to make those bonds taxable, senators said.

### Harding Praises U. S. Government System

New York, Sept. 13.—President Harding, in indorsing the national observance of Constitution day, next Saturday, has written to the Constitutional League of America that "no governmental system has demonstrated a greater capacity to meet and bear the utmost stresses of human crisis than our own."

### IRISH ACCEPTANCE DELIVERED TO PREMIER

(By United Press.)

Inverness, Scotland, Sept. 13.—Two Sinn Fein carriers bearing De Valera's reply to the British invitation to a conference September 20, arrived here today and proceeded to Gairloch, where the Irish note was handed to Premier Lloyd George.

### NAB BOX CAR ROBBERS IN FARGO

(By United Press.)

Fargo, Sept. 13.—Samuel Dent and Benjamin Wells complained to police they were being molested by Frank Krable. Police arrested Krable on the charge of carrying concealed weapons. They became suspicious of the complaints and held them as witnesses. Today Special Agent Sperry of Davenport took the pair back to Davenport charged with robbing a box car last May.

### CHARLIE PUTS ONE OVER LONDON AUDIENCE

London, Sept. 13.—Charlie Chaplin was chuckling today over the one he "put over" on a fashionable London audience at the Covent Gardens opera house last night at the Beckett-McCormick fight.

The enterprising manager offered one hundred pounds to the first person who identified the comedian, but he went through the fight undetected. He was disguised as a woman.

### REPEAL EXCESS PROFITS TAX JANUARY 1, 1922

Washington, Sept. 13.—Repeal of the excess profits tax on January 1, 1922, was decided on today by the senate finance committee.

This action, which had been expected, marked a complete defeat for Secretary of the Treasury Mellon who wanted the repeal retroactive to January 1 this year. The committee action was based apparently upon the fact that the present year is more than half over and that corporations already had made provision for the taxes this year.

St. Paul, Sept. 13.—Marguerite Church intends leaving for Chicago today to help her brother, Harvey W. Church, charged with complicity in double murder.

Miss Church, who has just recovered from an operation, said she could not understand how her brother could commit such a crime for such a motive.

Police charged that young Church and a pal named Leon Parks killed Bernard J. Daugherty and Carl Ausmus to obtain possession of a fine motor car.

The funeral of Daugherty was conducted at the cathedral at 10 a. m. today. He was buried in Calvary cemetery. His body was brought here by his brother, Thomas Daugherty.

### Jury Considers Case.

Chicago, Sept. 13.—With two confessions in the hands of police, the grand jury late today considered the murder in which Bernard J. Daugherty and Carl Ausmus were slain.

Harvey Church and Leon Parks, automobile mechanics, confessed they together with Clarence Wilde, killed the two men to get a \$5,400 Packard car.

Wilde is still sought by the authorities. Parks today repudiated the confession he made last night but later signed it.

### SHOP EMPLOYEES WILL MEET SUNDAY CONSIDER WAGES

**ANNOUNCEMENT WAS MADE OF MEETING AT CHICAGO BY PRESIDENT JEWELL**

(By United Press.)

Chicago, Sept. 13.—Sixty thousand railroad shop employees will meet here Sunday to consider the present wage difficulties with the roads.

The announcement of the meeting was made today by Bert M. Jewell, president of the railroad department of the A. F. of L.

Jewell, who is to address the members, did not reveal the nature of his speech. The meeting was called in view of the fact that shop employees all over the country have voted overwhelmingly against accepting a wage cut that went into effect July 1.

### Slayer of Three Men at Hibbing Reported Seen

Hibbing, Sept. 13.—John Webb, Nelson farmer, sought by authorities in connection with the murder last Thursday of Police Chief Hayes and two other Hibbing officers, was seen near Chisholm yesterday by Mrs. Gladski, according to word received by Hibbing authorities.

Rewards for the capture of Webb have increased to \$1,400 with the addition of a \$400 bounty offered by Hibbing citizens. Of this amount Governor J. A. O. Preus offered \$500, the mayor of the city \$200, the sheriff \$100 and \$800 by Hibbing persons. It is expected the total will be increased to \$3,000.

Authorities are of the belief that Webb is being protected by confederates. Police say neighbor witnesses have informed them that Webb was making liquor illicitly, and the authorities are of the opinion he is being assisted and hidden by other "moonshiners."

### State Employees Ordered to Assist

St. Paul, Sept. 13.—Governor Preus today ordered the state mining and timber employees to aid in search for John Webb who killed three policemen of Hibbing, last week. Webb escaped a posse of hundreds which has been searching for him nearly a week.

No trace of Webb had been found today. Funerals of the victims were held yesterday.

### LATE BULLETINS

#### Custody of Wife

Minneapolis, Sept. 13.—Matt Harg waits for a chance to argue for a year—he is on probation to his wife for that period. If his spouse reports he is making moonshine again, Judge Montgomery will send him up for 90 days plus \$250 fine.

#### Some Fly Catch

Minneapolis, Sept. 13.—Anbody want 47,000 dead flies? Frank Bjork took a fly to the courthouse looking for the "city bounty office." That is where he made the big mistake.

#### Gibbons-Fisher Bout Postponed

St. Paul, Sept. 13.—Rain which caused the postponement of the Mike Gibbons and Young Fisher bout at Lexington ball park last night, threatened to dampen a bout this evening. Promoter Reddy declared it would be staged tonight, rain or shine. The main bout will go on at 8:30 to allow Gibbons to catch a train to Colorado Springs.

### GIBBONS SCORES 14TH KNOCKOUT

(By United Press.)

Cincinnati, Ohio, Sept. 13.—Tommy Gibbons, of St. Paul, rang up his fourteenth straight knockout last night when the towel was thrown in the ring for Billy Reed, Phoenix, Arizona, in the second round. Reed's left eye was badly cut. Gibbons brought him down with numerous punches.

### ESCAPE OF PRISONERS FRUSTRATED BY GUARDS

(By United Press.)

Jefferson City, Mo., Sept. 13.—Three prisoners from Kansas City were shot, one wounded seriously, and two prison guards were beaten seriously when four convicts at the Missouri state penitentiary made a wild attempt to escape today.

Shots were exchanged between the convicts who after binding two guards used another for a shield and sought to dash out of the prison gates that had been opened to let in a train of coal.

All four were recaptured. Dick Kennedy, 45, imprisoned for robbery, was the most seriously wounded of the convicts.

### TOLL OF DEAD BY FLOOD INCREASES

**TOTAL KNOWN DEAD NOW REPORTED IN TEXAS FLOODS IS 175, MORE ARE MISSING**

(By United Press.)

Dallas, Texas, Sept. 13.—The toll of the Texas inland storm and floods grew today as swollen rivers rushed to the gulf. Reports from outlying districts around Taylor brought the toll of known dead in and out of San Antonio where heavy casualties were first reported to around 175. San Antonio reported 49 bodies recovered and 14 missing.

Taylor and immediate vicinity reported 35 dead. Most of these were Mexicans. Thorndale reported 45 dead, all of whose bodies have been recovered. Other points reported many dead.

Alligator Creek reported seven dead, five Mexicans and two whites.

Lone Port reported bodies of 23 Mexicans recovered. San Gabriel reported ten bodies recovered.

It was estimated today by police that the final toll of dead from the flood would reach 250.

### ATTEMPTED ROBBERIES

(By United Press.)

Moorhead, Minn., Sept. 13.—Attempted robberies at Rustad and Sabin, small Clay county towns, last night netted only a few cents.

The bank and depot at Rustad were entered. The bank safe was untouched and the robbers obtained only a few cents at the depot. Telephone wires were cut and the robbers evidently escaped in an automobile owned by Fred Bickhorn which was found abandoned near Moorhead. Robbers entered a harness shop at Sabin and had piled loot on the floor. They evidently were frightened away.

### NATIONAL GUARD FIRE FIGHTERS HOME

(By United Press.)

St. Paul, Sept. 13.—All national guardsmen who have been fighting forest fires were back home today.

State Forester Cox said the heavy rains late today if general over Minnesota will relieve the fire situation for another few days.

As soon as timber dries out, however, fires will become a menace, he said.

### KOREANS THROW BOMBS

(By United Press.)

Tokio, Sept. 13.—Two bombs were thrown yesterday in the government general offices at Seoul, Korea, according to word received at Tokio. There were no casualties.

Only one of the bombs exploded. It did heavy damage to the building. It was believed the bombing was an attempt on the life of Governor Saito.

### ARTHUR BURCH DENIES ALLEGED CONFESSION

Los Angeles, Sept. 13.—Arthur C. Burch today denied in its entirety his confession he is alleged to have given Chandler Sprague, newspaper publisher, in a three page copyright article here this morning, in which Burch is quoted as having admitted that he killed John B. Kennedy.

### TAX DODGERS COST GOVERNMENT ONE BILLION A YEAR

**ONE REASON WHY REST OF THE AMERICAN PEOPLE ARE CALLED TO BEAR HEAVY TAX**

(By United Press.)

Washington, Sept. 13.—Tax dodgers are getting away with more than one billion dollars every year that ought to go into the United States treasury.

That is one reason, treasury officials and members of congress admit today, why the rest of the American people are called on to bear such heavy burdens.

It was also the reason congress proposed certain changes in tax laws to plug tax leaks through which millions of dollars annually are lost. If Uncle Sam could collect each year what he loses because of tax free securities he would have to levy \$700,000,000 to \$1,000,000,000 less in taxes on other things officials agreed. These tax free securities represent the greatest aid to tax dodgers by the rich. It is variously estimated they are from \$14,000,000,000 to \$34,000,000,000 of them outstanding. The government can not touch them with its tax power because of constitutional limitations.

It will take years to amend the constitution to make those bonds taxable, senators said.

### Harding Praises U. S. Government System

New York, Sept. 13.—President Harding, in indorsing the national observance of Constitution day, next Saturday, has written to the Constitutional League of America that "no governmental system has demonstrated a greater capacity to meet and bear the utmost stresses of human crisis than our own."

### IRISH ACCEPTANCE DELIVERED TO PREMIER

(By United Press.)

Inverness, Scotland, Sept. 13.—Two Sinn Fein carriers bearing De Valera's reply to the British invitation to a conference September 29, arrived here today and proceeded to Gairloch, where the Irish note was handed to Premier Lloyd George.

### NAB BOX CAR ROBBERS IN FARGO

(By United Press.)

Fargo, Sept. 13.—Samuel Dent and Benjamin Wells complained to police they were being molested by Frank Krable. Police arrested Krable on the charge of carrying concealed weapons. They became suspicious of the complainants and held them as witnesses. Today Special Agent Sporey of Denver took the pair back to Denver charged with robbing a box car last May.

### CHARLIE PUTS ONE OVER LONDON AUDIENCE

London, Sept. 13.—Charlie Chaplin was chuckling today over the one he "put over" on a fashionable London audience at the Covent Gardens opera house last night at the Beckett-McCormick fight.

The enterprising manager offered one hundred pounds to the first person who identified the comedian, but he went through the fight undetected. He was disguised as a woman.

### REPEAL EXCESS PROFITS TAX JANUARY 1, 1922

Washington, Sept. 13.—Repeal of the excess profits tax on January 1, 1922, was decided on today by the senate finance committee.

This action, which had been expected, marked a complete defeat for Secretary of the Treasury Mellon who wanted the repeal retroactive to January 1 this year. The committee action was based apparently upon the fact that the present year is more than half over and that corporations already had made provision for the taxes this year.

## STATE FAIR PROFIT MAY REACH \$60,000

Minneapolis, Sept. 13—While other state fairs have been reporting deficits as a result of decreased attendance, the 1921 Minnesota State Fair will show a profit of \$50,000 to \$60,000, it was announced today. Rechecking of receipts resulted in an increase in previous figures given out. The total taken in at outside gates and from miscellaneous ticket sales will approximate \$215,000 instead of the \$200,000 estimate. Grandstand receipts total \$89,240 and total attendance now is set at 430,000.

The Fair was "paying off" today, completing payment of employees and settling a number of bills audited yesterday by directors.

The surplus remaining after all bills are paid will be kept as a reserve fund and spent next year for needed permanent improvements, such as extensions of streets, sewers, water mains, etc. The next meeting of the board will be Oct. 7.

## Dam Not Built by Experts.

The failure of the dam which caused the famous Johnstown flood, May 31, 1889, was due to defects of construction, explained by the fact that no engineer was employed in designing or building the dam.

## STATE FAIR PROFIT MAY REACH \$60,000

Minneapolis, Sept. 13.—While other state fairs have been reporting deficits as a result of decreased attendance, the 1921 Minnesota State Fair will show a profit of \$50,000 to \$60,000, it was announced today. Rechecking of receipts resulted in an increase in previous figures given out. The total taken in at outside gates and from miscellaneous ticket sales will approximate \$215,000. Instead of the \$200,000 estimate. Grandstand receipts total \$89,240 and total attendance now is set at 430,000.

The fair was "paying off" today, completing payment of employees and settling a number of bills audited yesterday by directors.

The surplus remaining after all bills are paid will be kept as a reserve fund and spent next year for needed permanent improvements, such as extensions of streets, sewers, water mains, etc. The next meeting of the board will be Oct. 7.

## Dam Not Built by Experts.

The failure of the dam which caused the famous Johnstown flood, May 31, 1889, was due to defects of construction, explained by the fact that no engineer was employed in designing or building the dam.

## SUMMER RESORT KEEPERS MEETING

Some Fifty to Meet at Chamber of Commerce on Monday, Sept. 26, to Organize

### SET UP INFORMATION BUREAU

Tacitly Agreed that Brainerd Chamber of Commerce to Act as Such for Lake Men

A meeting set for Monday, September 26, at the Chamber of Commerce will be one of the most important held this fall, being a gathering of lake and summer resort keepers called by the Chamber of Commerce of Brainerd.

For a long time it has been recognized that there should be some central bureau where reliable information about Crow Wing county and other neighboring resorts can be gained. What the tourist is especially anxious to know is what accommodations each resort has, the fishing, the board, the cottages and most essential of all, "Can I get accommodations there and is the resort able to care for my party or must I pass on somewhere else?"

Letters have been sent to all resort men in the Brainerd territory. It is the intention of the Chamber of Commerce, with the help of the resort men, to compile statistics of each place and during the season to keep on hand up to date information for the benefit of tourists as to attendance at each place and where further accommodations exist. Some resorts were so popular this summer that managers had to refuse further customers or put names down on a waiting list.

### Baker-Ohm

Miss Vivian Baker, daughter of Mrs. H. H. Baker, was married Monday afternoon at 5 o'clock at the home of her mother, 311 North Sixth street, to Arthur H. Ohm, son of Mr. and Mrs. Ernest Ohm, Rev. S. M. Kelly, pastor of the First Presbyterian church, officiating in the presence of immediate relatives.

The bride was charming in a traveling suit of midnight blue pique with hat to match. She wore a corsage bouquet of yellow roses and lilies of the valley.

The bridesmaid was Miss Mary Clarke who wore a beaded dark blue dress and corsage bouquet of roses. The best man was Clarence Ohm, a brother of the bridegroom.

The ring service of the church, simple and beautiful, was used. The residence was decorated for the occasion, the dining room in yellow, the living room in pink. Palms, ferns and cut flowers were lavishly used.

After the ceremony a wedding dinner was served at 6 o'clock. Among the out of town guests was Mrs. F. A. Alabaster of Lincoln, Neb. The happy young people will spend their honeymoon visiting in Duluth, St. Paul and Winona.

The bride was born and reared in Brainerd and attended the local high school. For some time she has been a valued employee of the post office department. The bridegroom is an ex-service man and is employed in the general offices of the Northern Pacific railway shops.

### Junior Workers

The Junior Workers will meet on Friday evening at the Bethlehem Lutheran church on South Seventh street and will be entertained by Mr. and Mrs. O. D. Larson. They desire a large attendance.

### Men's Club

The Men's club of the Bethlehem Lutheran church of South Seventh street will meet at the home of A. M. Opsahl, 409 North Fourth street, on Wednesday evening.

### Bethany Birthday Club

The Birthday club of the Swedish Bethany church will hold their regular monthly meeting at the lake cottage of K. S. Bredenberg on Gull lake Wednesday afternoon. They will meet at the church at 1 o'clock and all with cars are requested to be there and take a full load to the lake. Mrs. K. S. Bredenberg and Mrs. Albert O. Anderson will entertain. All heartily invited to be present.

### Presbyterian Aid

The Ladies Aid of the Presbyterian church will meet in the church parlors Wednesday afternoon, Mrs. S. A. Lindberg will entertain. A large attendance is desired as important business will be brought up.

### Methodist Aid

The Ladies Aid of the First Methodist church will be entertained by Mrs. G. E. Lammon Wednesday afternoon at the church parlors. Members are reminded that dues should be paid at this meeting. Visitors are cordially welcome.

## AT THE NEW PARK THEATRE, SEPT. 19th

### SONG SERVICE

Will be Given Tonight at the Swedish Bethany Church by Rev. and Mrs. Overstrom

Rev. and Mrs. A. W. Overstrom of Sweden will give a concert tonight at the Swedish Bethany church. To defray expenses, 25 cents and 10 cents for children will be asked.

They are both accomplished musicians and are highly recommended from both Sweden and the churches they have visited in this country while here and therefore are able to give a high class religious concert.

A real treat is in store for all who come. The service begins at 7:45 p. m.

### Club Appreciates Assistance

The Business and Professional Women's Club wishes to thank the following persons for their many courtesies. The assistance rendered by them helped to make the reception given the teachers last Friday evening a success.

Mr. Bouma and the members of the Chamber of Commerce, who allowed the use of the spacious club rooms; Wm. Graham, who furnished a portable, a portable musical instrument; Fitzsimmons and Wagner, from whom floor lamps and records were procured; Theo. B. Brusegaard of the Lakeside Lumber Co., who furnished birch wood for the fireplaces. I. Helstein, of the Patek Furniture Co., supplied a number of attractive screens. The Ransford hotel, the Harrison hotel, John Kollas, of the Olympia Candy Kitchen, Mrs. W. H. Cleary, Clarence Smith, John Hurley, Mr. O'Brien, of the Northern Hardware Co., W. A. M. Johnstone and John A. McColl were also very obliging. The publicity committee appreciates the space given by the Tribune, Journal-Press and Dispatch. The cooperation given the club on its first social venture was most gratifying.

## FALSE CLAIMS OF DESERTERS

In connection with the publication of lists of men who are charged with being deserters from the draft, the War Department is issuing reports upon those who, directly or through their friends, claim they have been unjustly listed. While there are a number who have been cleared of the charge by publication of corrected lists, there are also quite a number who are endeavoring to escape the stigma of being branded as deserters by various sorts of claims which their local newspapers have printed. When these claims come to the attention of the War Department they are analyzed and supplementary reports are issued regarding them.

A very common claim of those listed as deserters is that they enlisted under another name, or that they served in the navy. All such claims are carefully investigated and where the War Department can find no substantiation of them, it is printing a statement to that effect, which statement includes the false claims as well as the investigation disclosed.

## BUSINESS REVIVING

Reports being received by the Federal Reserve Board and other agencies show that a general revival of business and industry is now under way in the United States. The revival in buying and commercial activity generally is said to be greater than at any period since the depression of last September began. General improvement in the railroad situation is regarded by officials as presaging a betterment in this direction. As an indication of the country, conditions generally, postal receipts increased in August for the first time in seven months.

Every department of the government is watching the business situation with the keenest interest because of the fundamental principles involved, particularly that with regard to unemployment. A continued stagnation of business and commerce would carry into the winter months thousands of working men minus jobs, with consequent suffering and want.

## TO STOP "SPEED ARTISTS"

We never could understand why anyone should want to drive an automobile at a greater speed than 25 or 30 miles an hour, except, of course, in cases of pressing necessity. In this connection the Little Falls Transcript makes an excellent suggestion, which we reproduce herewith. The Transcript says:

"Road laws in practically all states limit driving speed at 25 miles per hour. These same states, however, permit sales of cars within their borders which are geared from 5 to 75 miles per hour. Then a large crop of patrolmen is necessary to stop speeding—but it is never stopped. There is but one way to effectively stop the speed artist, and that is to prohibit the sale of cars geared to over 30 miles per hour."

## THE PRINTER'S COMEBACK.

(Empeco News)

One of the well known printers in the south got slightly peeved at a letter from a doctor who wanted bids on several thousand letterheads different sizes, different grades and different colors, and wanted the printing form held standing so he took his type-writer in hand and wrote: "Am in the market for bids on one operation for appendicitis. One, two or five inch incision—with or without ether—also with or without a nurse. If appendix is found to be sound, want quotations to include putting same back and canceling order. If removed successful bidder is expected to hold incision open for about sixty days as I expect to be in the market for an operation for gall stones at that time and want to save the extra cost of cutting."

## TARIFF A DOMESTIC PROBLEM

In striking contrast to the American free trade advocate, who is dis-

fully afraid the American protective policy will offend some Englishers, is the statement made by a British commission which investigated the subject of preferential tariffs and made a report to the British parliament. In commenting upon the attitude of other nations toward the British preferential tariff on all articles produced anywhere in the British Empire, the report states that the policy of the Empire upon this matter should not be regarded by other nations in any other light than a matter of "domestic concern" to the British government.

## THE WORM WILL TURN.

At Goshen, Ind., where W. F. Hackett, formerly of Baudette, lives there was a wedding the other day, and a merry wag of a guest tried to tie the young couple together preparatory to giving them a ride to the depot in a calf crate. Whereupon the bridegroom knocked the joker loose from a few teeth, to say nothing of decorating him with a complete set of black eyes. The guest was an unlovely sight, but the groom provided some pleasant news for a lot of people who think that a wedding isn't a circus.

## MORE GARAGES THAN HOUSES

It appears from figures prepared by the Bureau of Labor Statistics on building operations in 1916 cities of more than 35,000 population, that people are more interested in building garages for their automobiles than homes for themselves. Instead of catching up with the cessation of residence building during the war, it is asserted the nation is not providing homes for more than 50 per cent of the newly established families.

The arming of mail clerks has decreased the postal robberies, Postmaster General Hayes says. During the last five months, or since clerks were armed, the losses from robberies amounted to only \$88,550, of which \$78,000 was recovered. During the year preceding arming of the clerks the robberies amounted to \$6,300,000 and the recovery to \$3,200,000.

Medical men throughout the country are somewhat surprised at the statement that New York City's healthiest district is neither in Fifth avenue, Riverside park, Gramercy park, nor any of the other select residential quarters, but in the heart of the Ghetto, with its swarming thousands, as shown by statistics by the board of health issued a few days ago.

General Pershing has no use for red tape, and has undertaken the task of getting it out of the War Department machinery. A memorandum issued directs Col. Robert C. Davis to investigate causes of delay in handling papers with the purpose of expediting procedure.

The Senate Finance Committee, which temporarily laid aside the consideration of tariff legislation to devote its entire time to the study of the tax measure, expects to have the new law ready for the Senate when Congress reconvenes Sept. 21.

The Rochester Post and Record declares that the American Legion is today "the most active agent that opposes radicalism, socialism, and all other un-American 'isms.'"

## WHY CHILLY WEATHER BRINGS RHEUMATISM

Says Skin Pores are Closed and Uric Acid Remains in Blood

Rheumatism is no respecter of age, sex, cooler or rank. If not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism.

## At the New Park

If Blanche Davis had not been born of a father who succumbed to the wiles of unscrupulous women who preyed upon him with financial gain as their only goal, she would probably not have been cursed with an unusual and dangerous degree of sex appeal. But the attentions showered upon her by her amorous suitors made it easy for her father to become obsessed with the idea that his daughter's thoughts and desires ran in the same channels as his own. She fled from his home and accepted the affections of a youth who later sought to marry her own sister. See Betty Compson in "Prisoners of Love," her first starring production, at the New Park theatre today and follow her through one of the most absorbing and intensely interesting dramas of human life ever seen on the screen.

Alice Joyce at Lyceum in "Vice of Fools."

"What is 'The Vice of Fools'?" This is the question the spectator asks before he sees the Alice Joyce production by that name which is being shown at the Lyceum theater last time tonight. The title piques the curiosity and holds the attention until the spectator is well into the action and then is forgotten. The interest developed by the story is so great that all else is secondary and the individual is held in breathless suspense over the outcome of Cameron's marriage.

Larry Semon the "Comedy King" is pictured in one of the best comedies seen here in years, "The Hick." You'll laugh your self well at this one, showing tonight also.

## Special Events at the Lyceum Wednesday and Thursday

Special interest is being taken in the announcement that moving pictures of the head-on collision of locomotives at Minnesota State Fair, and also first pictures of the wreck of ZR-2 will be shown at the Lyceum Wednesday and Thursday.

## "Robin Hood" a Joy, Says Musician

Inquiry as to prevailing opinion regarding the coming of "Robin Hood" reveals a wide knowledge of the famous comic opera. A local music lover in discussing it yesterday, said:

"Robin Hood" is a real joy to a music lover. Every moment the curtain is up brings genuine pleasure, for there is not a dull spot in De Koven's masterpiece. I shall never forget Jessie Bartlett Davis's singing of "St. Swithen's Chimes" in the last act, accompanied by the large chorus and the pealing chimes, the scene being the central square in the medieval town of Nottingham. Not less appealing was the "Armourer's Song" sung at the flaming forge by the big, swarthy blacksmith to the clang of the ringing anvil. Nothing more picturesque can be imagined than the scene in beautiful Sherwood forest where the entire chorus appears as outlaw archers and join with "Little John"

Several Locals will Give Half a Day's Pay This Month to Support of Strikers

### RY. SHOPS REPORT FULL CREWS

Close to 1400 Men Employed. Car Side Running 6 Days a Week, Locomotive Side 5 Days

Some of the railway shops locals, the boilermakers, machinists, carmen and others, and the retail clerks union, have taken steps to give a half day's wages each month to the striking papermakers.

Shop crafts unions met Monday evening at Labor hall with international officers.

Close to 1,400 men are now employed at the Northern Pacific railway shops. The locomotive side is expected to continue five days a week during September and October unless conditions change.

The car side is running six days a week with full crews. All the men are at work including all who were laid off in January.

### COACH ROSEL STANDS HIGH

Believed He will be Able to Work Out Championship Team from Material at Hand

(Contributed by W. G.)  
What Ho! Football season has opened with a bang! Thirty-five or forty of the huskiest and most enthusiastic men ever seen on the Brainerd High School football field turned out Monday night to rough up the old "Rugby."

Closterman, our substantial little quarterback, is at his old post with the support of some of last year's men; Hess, Heikenen, Peterson, Engbretson, McCaffery, and Jones being most conspicuous.

Coach Rosel who has had a successful career in football, comes well recommended to handle the work. He was greatly pleased with the showing the boys made and the amount of material he has to work with.

All that is necessary now is the cooperation of the community. Every city is judged by its representatives. Make our representatives feel that they can go as far as they like and that we are right behind them to help to become the proud owners of the choicest little pennant in the state.

## BRAINERD DAY ON WEDNESDAY

Special by Phone to the Dispatch—Pequot, Minn., Sept. 13.—On account of the wet and forbidding day Tuesday, the Crow Wing County Fair officials postponed "Brainerd Day" from Tuesday to Wednesday. It is expected that all of Brainerd will be at the county fair Wednesday when roads will be much improved.

### BRAINERD'S OLDEST STORIES OF TODAY

"Well, colonel," said the summer resort, "hope you'll be around when I renew my lease".

## FRENCH TENNIS STAR IS AGAIN ILL

(By United Press)  
New York, Sept. 13.—Suzanna Lenglen, French tennis star, is ill again. She defaulted once more after the first set of a mixed double match yesterday at Bay Ridge with Walter Hall. She lost a set 6-8 to Miss Leslie Bancroft and Harry Throckmorton. She developed a fit of coughing just as she did in the match with Mrs. Molla Mallory, in the American women's single champion and left the match.

## ARMY OF HUNTERS IS MOBILIZING

Small Game Licenses Issued to Date in Crow Wing County Number Over 400

### OPENING OF SEASON IS SEPT. 13

Ducks are Seen on Lakes Near Brainerd All Unconscious of the Fate Awaiting Them

The opening of the duck season is September 16, and the rush for small game licenses is increasing in volume. Full figures cannot be obtained at the county auditor's office as to the number issued because C. W. Mahlum has authorized every bank in the county to also issue licenses and these do not report to him until some days after the season opens.

At the county auditor's office in the court house there has been issued over 100 licenses and outside of Brainerd probably 300, making a total of 400 guns which will join in the fusillade Friday morning.

The season for wild duck (except wood duck), goose, coot, Wilson snipe, callinules, yellow-legs and rails opens September 16 and extends to November 30. Prairie chickens, or pinnated grouse, and white-breasted or sharp-tailed grouse may be hunted from September 16 to October 1. The season for woodcocks is from October 1 to November 30.

With early cold weather coming on, Brainerd hunters are anticipating a good season. Ducks have been seen on many of the lakes in the vicinity of Brainerd. Chickens are numerous.

The attention of prospective hunters has been called to the daily seasonal limits provided by the game laws. A copy of the game laws accompanies each license.

The staff of game wardens has been greatly increased and all of the lakes in the central part of the state will be patrolled. The law provides for severe penalties for all violators. The fact that a party of four "sooners" near Aitkin was so quickly taken and heavily fined will act as a deterrent on any other prospective "sooners" in central Minnesota. Few will risk the danger of being caught for breaking game laws after the season opens.

Encampment Members Present from District, Addresses Made, Refreshments Served

There was a large gathering of Odd Fellows at the meeting Monday evening when distinguished guests of the official family were entertained. There were present Grand Chief Patriarch G. S. Redmond of Pipestone and Grand Scribe M. H. McDevitt of Minneapolis.

An address of the fraternal features of the Odd Fellows was made by Mr. Redmond. Mr. McDevitt gave a report on the work of the sovereign grand lodge at the convention held in Boston. O. J. Bouma presided. Geo. McCulloch was one of the local speakers.

The Rebekahs served sandwiches, ice cream, cake and coffee.

Preparations were made at the meeting for the coming encampment class of 50 to be initiated October 10, on the occasion of which Past Grand Patriarch J. V. Dexter of Detroit will be present.

## BRAINERD MEN DRILL FOR OIL

Two Drill Rigs Operated by Cannon, Brothers, Former Brainerd and Woodrow Men

### WORK IN YUMA VALLEY, ARIZ.

Geologists Say that Oil Bearing Sand Should be Located at 1000 Feet Near Somerset

The "Morning Sun" of Yuma, Arizona, contains this mention of two former Brainerd and Woodrow men, who are drilling for oil in the Yuma basin of Arizona.

Next Monday morning, Cannon Bros. will commence to drill for oil two miles west of Somerset, on the Sam Kelly ranch. The drill is to be located on the positive oil structure which was surveyed some time ago by geologists. A drilling site was picked out on the structure and the new rig will be placed on the spot as located by the geologists.

A large number of farmers have entered a pool in order to get the rig in the Somerset District. According to the contract a twelve inch hole will be put down by Cannon Brothers and if necessary the hole will be sunk to two thousand feet.

However it's thought that oil bearing sand will be found at about the thousand foot mark. In the exploration hole which was put down by Cannon Bros. near the Mesa this side of Somerset with a diamond drill, ten feet of oil sand was struck at a little over seven hundred feet. Cannon Brothers never expected to bring in a big producer at the diamond drill site. The diamond drill was used only for the purpose of obtaining definite information concerning the stratification and the location of the oil sands if any such sands existed. A log was kept of the diamond drill hole and when the oil sand was struck and sample taken a discovery was made which proved to be even better than the drillers had expected.

According to analysis which was made of the oil sands the oil is of high specific gravity. A commercial well can be produced from ten feet of oil sands.

Cannon Brothers expect to strike the same oil sands in their well west of Somerset as they struck with the diamond drill, and they expect to strike the sands at about the same depth. With a twelve inch hole, the well may be brought in a big producer.

## CHAMBER COMMERCE MEETS WEDNESDAY

Committee on Housing to Report on Advisability of Establishing Building and Loan Assn.

### FALL AND WINTER CAMPAIGN

Chamber Established a Record by Holding Regular Meetings During All of Hot Summer

The regular meeting of the Chamber of Commerce will be held on Wednesday evening, September 14.

At that meeting arrangements will be perfected for the big celebration to be held September 28 under the direction of the energetic house and social committee, inaugurating the fall and winter campaign.

Secretary O. J. Bouma is pleased to note that for the first time in years the Chamber of Commerce had regular meetings all summer. Not one was missed because lack of a quorum and business was transacted in the hottest summer Minnesota faced in 50 years. New members are being gained at every meeting, attesting the fact that outsiders are convinced the Chamber is filling a niche in community life and is entitled to support and cooperation.

During the recent flurry in brush and swamp fires, the Chamber of Commerce heeded the call for help and dispatched aid to the Gull lake and Riverton districts. There was no resort to out of the county aid and Crow Wing county gained no unpleasant notoriety by having people imagine the whole country was on fire.

The committee on housing will report at the Chamber. To them was delegated the task of ascertaining the feasibility of establishing a building and loan association to enable people to put up more homes and relieve the housing situation which at present is an acute one.

## WATER SHUT OFF IN N. E. BRAINERD

Water will be shut off in Northeast Brainerd, south of Prescott street, at 7:30 o'clock Wednesday morning, in order to repair leaks, according to the announcement made by the water and light board.

No water was shut off in that district Tuesday morning, because the repair men did not work in the rain and so the repair work was continued to Wednesday morning.

All householders will gain a water reserve to carry them over the dry period.

Some of the railway shops locals, the boilermakers, machinists, carmen and others, and the retail clerks union, have taken steps to give a half day's wages each month to the striking papermakers.

Shop crafts unions met Monday evening at Labor hall with international officers.

Close to 1,400 men are now employed at the Northern Pacific railway shops. The locomotive side is expected to continue five days a week during September and October unless conditions change.

The car side is running six days a week with full crews. All the men are at work including all who were laid off in January.

## CLAIM WOMAN KILLED HUSBANDS TO GRATIFY LUXURY TASTES

MRS. SOUTHARD WILL TRY TO  
PROVE SHE IS NOT MODERN  
BLUEBEARD

By M. D. TRACY,  
(United Press Staff Correspondent.)

### Has Had Five Husbands

Twin Falls, Idaho, Sept. 13.—Mrs. Lydia Southard, who faced trial today as the "Bluebeard" of modern times, has had five husbands. Four of them, and one brother-in-law, died under alleged mysterious circumstances.

Here, according to officials, is Mrs. Southard's record of marriage and death:

In 1912, as Lydia Trueblood, she married Robert C. Dooley of Keytesville, Missouri. He died at Twin Falls, October 1, 1915.

Edward Dooley, Robert Dooley's brother, died in Twin Falls in August, 1915. The two Dooleys held a joint insurance policy in favor of Lydia.

In June, 1917, she married Wm. G. McHaffie, restaurant owner of Twin Falls. He died in Hardin, Mont., Oct. 22, 1918.

In 1919, she married Harlan C. Lewis in Denver, Colo. He died July 6, 1919.

August 10, 1920, she married Edwin F. Meyers, a rancher of Twin Falls. He died September 7, 1920.

She married her fifth husband, Paul Vincent Southard, chief petty officer, U. S. N., in Los Angeles in 1921. He is standing by her during the trial.

Twin Falls, Idaho, Sept. 13.—Mrs. Lydia Southard started today to prove to the world that she is not the modern successor of Bluebeard.

She faced a court on a specific charge of having poisoned Edwin F. Meyers and attempting to collect his life insurance when he died.

In addition, officers of Twin Falls County alleged this mild-mannered little woman of less than 30 years, killed by the same method three other husbands and a brother-in-law.

Six months ago she was known only as a quiet little lady who served salads in a Los Angeles cafeteria. Today she was the center of one of the most remarkable of criminal cases.

Mrs. Southard was arrested in Honolulu after being traced from Los Angeles. Her husband, Paul Vincent Southard, who is standing strongly by her in the trial here, was a chief petty officer on board the U. S. S. Monterey, stationed at Honolulu.

Mrs. Southard will be represented in court by a large staff of attorneys. Her defense, it was understood, is being financed jointly by her husband and her parents who reside on a farm near here.

The county prosecutor will charge that Mrs. Southard, urged on by a desire for luxuries, conceived the idea of doing away with her husbands as rapidly as she married them. In the case of Meyers, the prosecutor will attempt to show that she secured arsenic by extracting it from fly paper and placed this in his food, coffee and medicine.

She will be painted as a cruel murderer, who killed while she caressed.

The exact plan of the defense has not been made public. Mrs. Southard, while in custody at Honolulu, expressed in an exclusive statement to the United Press, a belief that she was a natural typhoid carrier and that each of her husbands died from typhoid fever, contracted from her. Physicians, on the other hand, were said to have examined her and reported she was not a typhoid carrier.

"I am not worried," Mrs. Southard has maintained since her arrest. "Why should I worry? My conscience is clear."

The event was scheduled as a "farmer, labor and business men's picnic." It was held indoors however on account of cold weather. Attorney General Langer was also a speaker on the program.

### Northern Minnesota Putting on a Real Fair

The Northern Minnesota Fair, to be held at Bemidji, Minn., Sept. 20, 21, 22 and 23, promises to be the best fair ever attempted by any County, and is advertised as "Second only to the State Fair," which is quite a claim—but from the amount of livestock and agricultural exhibits already entered, and the amount of money spent for a program of sports and amusements, the managers feel warranted in making such claims.

Permanent improvements have been made that run into large sums, and a building program for next year is already under way, that calls for the expenditure of thousands of dollars.

The optimism shown by the Fair management in these large expenditures is warranted because they have prepared a program that is bound to bring favorable comment from all who attend, which will assure success in

future years also. A new grandstand has been built, that will accommodate the crowd that Bemidji expects to entertain. The track has been put into shape for the big racing events.

I didn't take any stock in it and he bet me \$50 that it would be equally successful in my case. He won the bet." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis.
